

Wall-Mounted Heat Pump

Series: Extreme -

High efficiency wall-mounted heat pumps.

Equipped with Gree's two-stage Inverter technology, the Extreme achieves phenomenal efficiency levels of up to 80% of heating capacity.

The Extreme heat pump is designed to cope with the extreme conditions of our Canadian climate.

Particularly during periods of intense cold, it offers cozy comfort in temperatures as low as -30°C, without compromising on performance and above all, your well-being.
