

Wall-Mounted Heat Pump

Series: FE - MSZ

Comfort on a whole new level.

Mitsubishi Electric manages extreme temperatures with ease thanks to its improved range of energy efficient FE Series products. These units are so efficient that they can operate efficiently at outdoor temperatures as low as -27C, depending on weather conditions.

Not only will FE Series models keep your home comfortable, they'll also reduce your energy bill, thanks to one of the industry's best SEER rating: up to 23 SEER.

Model	Power	Seer	HSPF	Db	H (in)	W (in)	D (in)
Ext. MSZ-FE12NA	12000 BTU	23	10.60	48 - 49	21-5/8	31-1/2	11-1/4
Int. MSZ-FE12NA				22 - 45	11-5/8	31-3/8	10-1/8

**Performance results from manufacturer leaflets*

Don't let the thought of facing yet another Canadian winter frighten you. When it's freezing outside, you can rely on the FE Series: the Mr. Slim system's guaranteed operating range has been increased to -25°C/-13°F! We continue to keep you warm when conventional systems simply can't keep up.
