

Wall-Mounted Heat Pump

Series: RL2 -

Comfort and performance.

Thin and elegant, RL2 heat pumps are designed specifically for smaller spaces, where air conditioning or spot heating is required, such as solariums or extensions.

Their sleek design allows for seamless integration to any type of decor and their compact format makes them the most discreet models in the industry.

Small but powerful, they now offer the Inverter technology, heating and air conditioning, a silent mode as well as easy maintenance.

Model	Power	Seer	HSPF	Db	H (in)	W (in)	D (in)
Ext. AOU9RL2	9000 BTU	16	9	47 - 48	21-1/4	26	11-11/32
Int. ASU9RL2				23 - 43	10-5/16	32-9/32	8-1/8
Ext. AOU12RL2	12000 BTU	16	9	51	21-1/4	26	11-11/32
Int. ASU12RL2				23 - 43	10-5/16	32-9/32	8-1/8

*Performance results from manufacturer leaflets

A long tradition of innovation and technological breakthroughs is at the heart of the company philosophy. At Fujitsu, engineers work tirelessly to put their knowledge and experience to work for the development of the most advanced residential comfort systems, based on the most advanced technologies in the world.
